Duplo DBM-150 Booklet Maker

Precision Booklet Making for Shorter Runs

The world's smallest fully-automatic booklet maker and trimmer. An entry-level booklet system, ideal for low to mid volumes or if you're looking to bring booklet making in-house.

Remove time-consuming set ups and finish jobs in fast turnarounds, with a speed of up to 2,400 booklets per hour. The 150 Booklet Maker produces a range of offset and digitally-printed applications, from catalogues to collated work, on demand.

Duplo DBM-350 Booklet Maker

Precision Booklet Making for Mid-Range Production

Duplo's fully automatic, mid-range DBM-350 Booklet maker ideal for a digital print environment needing to produce a broad range of quality material.

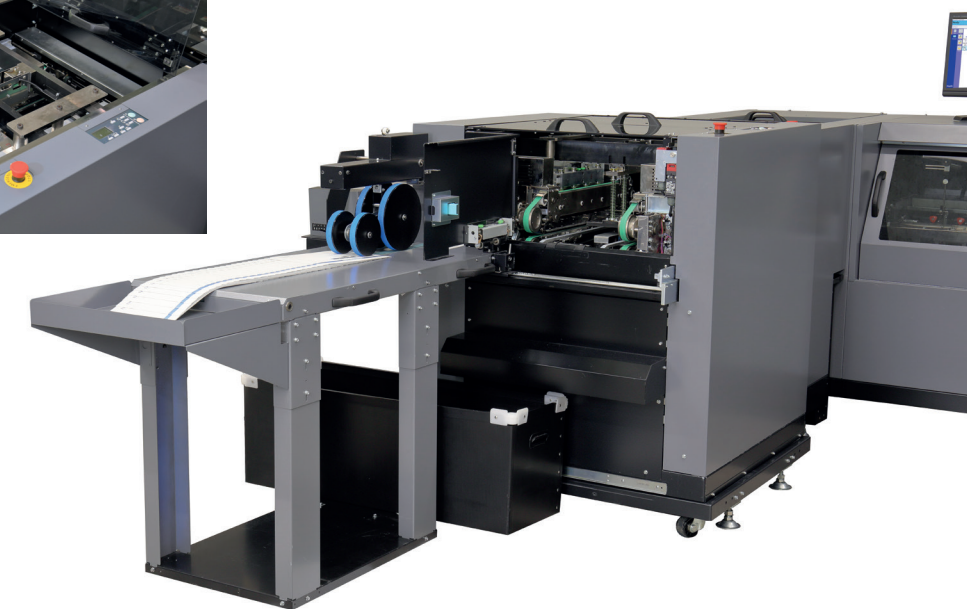

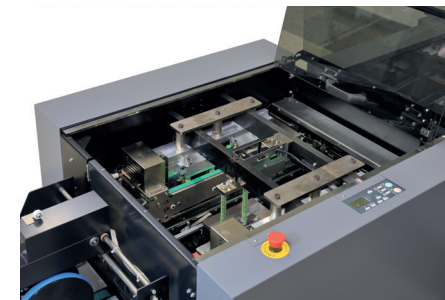

The DSS-350 Square Spine module adds a square spine finish to offset and digitally-printed booklets, providing a flatter look. With a processing speed of up to 2,600 booklets per hour, the DSS-350 is ideal for low to mid-volume runs and is the fastest of its kind. It can be used as a stand-alone unit or can be configured in-line with the DBM-350 Booklet maker.
